

ASHBURN  
HOTEL

OPENED MAY 2007

A change of ownership and a multi-million pound facelift completes the metamorphosis of the Ashburn Hotel into Kensington's newest addition to the luxury boutique hotel market.

Being privately owned, this newly refurbished luxury boutique property, situated just off Kensington's Cromwell Road, discretely blends the latest technology with ornate period detail and infuses the whole property with a vibrant sense of Victorian grandeur.

The hotel comprises 38 luxurious bedrooms decorated in rich earth tones with touches of the hotel's signature Aubergine and Silver theme which runs throughout, complementing the dark wood furniture, comfortable beds and modern pieces in all the rooms. Attention to detail is paramount and the hotel aims to get all the small touches right; from big tea cups, surprise turndown gifts (different every night) to cozy bathrobes and slippers.

In the morning indulge in a buffet breakfast in the dining room or choose to have breakfast in bed as an option. The hotel also serves a selection of room service and bar meals. At night you are given the option of a fresh cocktail mixed by the professional bartender in the beautiful drawing room, or try one of our selected wines. Ashburn Hotel also offers a complimentary glass of champagne in the evening to all their guests.

This hotel is close to a wide selection of restaurants and bars in the area as well as having Gloucester Road underground station almost on its door step. Along with some of London's major museums and parks within walking distance, the Ashburn is perfectly placed for you to enjoy the best that London has to offer.
